GPC14H, GPC14M and GPC15H
PACKAGED AIR CONDITIONERS
ENERGY-EFFICIENT COMPRESSOR
UP TO 15 SEER

At Goodman, we believe in American dependability. Units are designed, engineered and assembled in the U.S.A.
The best packaged system is the kind you don’t have to worry about. It comes on the moment you need it and then runs quietly and efficiently all year long. The Goodman GPC14H, GPC14M and GPC15H units are loaded with features designed to provide outstanding performance for years to come. We use advanced techniques and materials so you know the cozy, even temperature you feel in every corner of your home is an energy-efficient trend that’s here to stay for many years.

Don’t let high utility bills make you lose your cool.

Our complete line of packaged systems are priced to help add comfort to your budget from a local independent Goodman dealer. And that’s only the beginning. We want you to smile every time you open your utility bill, so we design energy-efficient technology into our units.

Goodman will keep you cool as a cucumber.

Taking pride in our company heritage.

Goodman brand heating and cooling systems are designed to provide refreshingly affordable and energy-efficient indoor comfort solutions using advanced technology. But the company ultimately adheres to some old-fashioned values, too. Goodman believes in the integrity of the American worker. That’s why Goodman brand heating and cooling systems are designed, engineered and assembled in the United States.

Experience reliable indoor comfort for everyone in your home season after season.
A LOT GOES INTO EVERY GOODMAN® BRAND

COUNT ON OUTSTANDING LIMITED WARRANTY* PROTECTION

* Complete warranty details available from your local dealer or at www.goodmanmfg.com. To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

PERFORMANCE

“SEER” stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner’s cooling energy efficiency developed by the U.S. Department of Energy. It’s a simple formula: the higher the SEER of your unit, the greater its efficiency—and the lower your operating costs.
Independent, dependable, courteous, prompt, honest, highly-skilled and respectful of you and your home. That’s why all the time homeowners say, “These guys are good – really good.”

Many of your neighbors may have discovered that a reliable and energy-efficient home comfort system doesn’t have to cost a fortune. Goodman brand whole-house systems feature many of the latest and greatest money-saving technology benefits that we can offer. They are designed and engineered to run quietly and pretty much worry-free.
